Why BT Business Total Broadband?

For customers that switch to BT from another supplier we offer 12 months line rental for the price of 11 (via bill credit) on BT Business Total Broadband.¹

It's a simple process, all you need is a MAC code from your existing supplier. To make the process even easier you will be able to get free enhanced migration support (EMS) for one month following your activation² for help and advice on aspects including:

- Broadband connection
- Setting up of e-mail accounts
- Transfer of website
- IP addressing configuration
- Ensuring connection of Network where appropriate
- Activation of Broadband Voice

All you need to do is call the number contained in your Switchers Welcome Pack to register for support and then the EMS support desk will tell you all you need to know and help you manage the move to BT smoothly and efficiently.

How about adding VoIP to your broadband package?

This might also be a good time to think about VoIP. Customers switching to BT Business Total Broadband can get £40 back (via bill credit) with our BT Business Broadband Voice Plus offer.³ This enables you to make and receive phone calls using your BT Business Total Broadband connection. Sign-up to BT Business Total Broadband and BT Business Broadband Voice and you could save up to £98.50.*

With dedicated support every step of the way, there's never been a better time to switch to BT Business Total Broadband.

* The saving of £98.50 represents 1 month's BT Business Broadband Network line rental worth £58.50 (£58.50 per month when signing up to a two year contract), and £40 via bill credit with the BT Business Broadband Voice offer.
